OBJECTIVE

To leverage my foundational knowledge in IT and web development to contribute to the company. I am passionate about exploring new technologies and improve my skills.

EXPERIENCE

Web Development Intern at Frontline Business Solutions

(Feb – May 2024)

- **Implemented Client-Specific Features:** Integrated client-requested animations, graphics, and multimedia elements, enhancing the overall user experience and engagement.
- **Developed Responsive Interfaces:** Designed and implemented responsive web interfaces using Tailwind, improving site accessibility across various devices and screen sizes.
- **Built Dynamic Components:** Utilized ReactJS to create interactive components, contributing to a more engaging and functional user interface.
- **Develop Dashboard Solutions:** Developed a comprehensive dashboard with CRUD (Create, Read, Update, Delete) functionality, streamlining data management processes.
- **Resolved Technical Issues:** Identified and fixed bugs and performance issues

SKILLS

- **Software and Hardware Troubleshooting:** Basic experience in diagnosing and resolving technical issues.
- **Front-End Development:** HTML, CSS, Tailwind, JavaScript, and ReactJs
- **Collaboration:** Google Workspace and Github
- **Familiar with** WordPress, C++, and PHP
- **Knowledgeable with** MySQL, Microsoft Office, and ERP

EDUCATION

Bachelor of Science in Information Technology (2024) - De La Salle Lipa
